Dear Ms. Kelly:

This letter is in response to your inquiry regarding the 12 Day Pre-Primary Report (1/1/04-4/7/04) for the Friends of John Peterson Campaign Committee (FEC ID: C00311852).

There were a total of five items that were reported (four of which were referenced in your inquiry) in the aforementioned Pre-Primary Report that did not include the appropriate redesignation or reattribution. This was due to an error with the software that compiles our reports and has been corrected with an amendment, which was filed electronically today (Report ID: FEC-128074).

Attached to this letter are copies of four forms and one letter that satisfy the requirement that we have a signed, written authorization for each redesignation or reattribution.

If there are any additional questions, I can be reached at 814-589-7622.

Sincerely,

Rick Sollman
Campaign Manager
Friends of John Peterson
